Global Conference on

**MATERIALS SCIENCE  
ENGINEERING,  
METALLURGY, AND  
MINING**

**Theme:**

“Unlocking the Future Possibilities of Materials  
Science Engineering, Metallurgy, and Mining”

**Date:**

July 23-24, 2026 (In-Person)

July 25, 2026 (Virtual Via Zoom platform)

**Venue:**

Hotel NH Danube City, Vienna, Austria

## Welcome Message

Be part of the Global Conference on Materials Science, Metallurgy & Mining a global conference on Advanced Materials, the latest Advancements in materials, metal processing, and mining technologies. Connect with experts, share insights, and showcase your innovations on a global stage. Don't miss this exclusive opportunity for networking, collaboration, and knowledge exchange. Express interest now for a tailored program.

## About the Event

Advanced Materials 2026 at Hotel NH Danube City, Vienna, Austria, for a distinguished international conference offering collaboration opportunities and professional networking. Engage with global experts, discuss the latest advancements in Materials Science, Engineering, and Metallurgy, and showcase your research to an international audience. We warmly invite you to be part of this inspiring event and look forward to welcoming you to Vienna for a productive and engaging summit.

We do have several topics for the conference. You can choose any of the topics which you would like to present at the Conference such as,

- Advances in Materials & Engineering
- Advances in Metallurgical Engineering, Metal Processing & Solidification
- Advances in Mining, Mineral Processing & Fundamentals
- Polymer Science and Technology
- Graphene Technology – 3D & 2D Materials and Carbon Materials and Nanotubes
- Advanced Energy Materials
- Nano Materials & Nanocomposites
- Catalytic Materials & Graphene Chemistry
- Advances in Alloy Design, Processing, Properties and Applications
- AI Applications in Mining, Metallurgy & Materials Science

## About Vienna, Austria:

Vienna, Austria's capital, lies in the country's east on the Danube River. Its artistic and intellectual legacy was shaped by residents including Mozart, Beethoven and Sigmund Freud. The city is also known for its Imperial palaces, including Schönbrunn, the Habsburgs' summer residence. In the MuseumsQuartier district, historic and contemporary buildings display work by Egon Schiele, Gustav Klimt and other artists. Vienna also has a vibrant culture, a famous coffee house tradition, and is recognized for its excellent public transportation and green spaces.

## Here are some of the top city highlights:

### **Palaces and historic buildings**

**Schönbrunn Palace:** A 18th-century Baroque palace and former summer residence of the Habsburgs.

**St. Stephen's Cathedral:** The city's cathedral and a prominent Gothic structure, located at the geographical center of Vienna.

**Hofburg Palace:** The former imperial residence of the Habsburgs, this vast complex is now the official residence of the Austrian president and features numerous courtyards and gardens.

### **Art and history museums**

**Albertina:** A museum in a former Habsburg residence that features a vast collection of art and the restored state rooms.

**MuseumsQuartier:** A large area home to many museums, including the Leopold Museum and the MUMOK (Museum of Modern Art Ludwig Foundation Vienna).

**Kunsthistorisches Museum:** Considered one of the world's largest and most important art museums, it showcases a vast collection from ancient Egypt to the 18th century.

**Sisi Museum:** Located within the Hofburg Palace, this museum is dedicated to the life of Empress Elisabeth of Austria.

## **Livability and modern life**

High quality of life: Vienna consistently ranks among the most livable cities globally, praised for its cleanliness, safety, and green spaces.

Education and youth: Vienna is a major student city with many universities, and young residents have access to cultural and leisure activities.

Public transportation: The city has an excellent and affordable public transport system, with many residents using trams, subways, and walking.

## **Other attractions**

Spanish Riding School: Home to the Lipizzaner horses, this is the world's oldest haute école of classical equitation.

Prater: A large public park that is home to the famous Giant Ferris Wheel.

Tiergarten Schönbrunn: The world's oldest continuously operating zoo, located within the Schönbrunn Palace grounds.

Hundertwasserhaus: A unique apartment building with a vibrant, irregular design.

# About Annual Forums.

ANNUAL FORUMS is an international platform that promotes learning, collaboration, and innovation in science, technology, engineering, and medicine. It brings together researchers, academics, professionals, and industry experts to share ideas, network, and explore the latest advancements. ANNUAL FORUMS seems to refer to a specific organization or event, though detailed information about it isn't widely available. It may be a new or specialized platform focused on science, technology, or research. From the context, it appears to be the organization behind the Advanced Materials 2026 conference.

If ANNUAL FORUMS is connected to this conference, it is likely an academic or scientific organization focused on materials science, engineering, or related fields. If you mean a specific event, initiative, or journal under this name, I can help describe its mission, goals, or upcoming activities.

**BOOK MARK YOUR DATES FROM**  
**July 23-25, 2026**

Join us at Hotel NH Danube City, Vienna, Austria, for the Advanced Materials Conference. An exciting journey of innovation and knowledge exchange awaits let's create lasting memories together in Vienna.
